PROFILE

As a dedicated Computer Science student, I am actively exploring diverse opportunities to apply and expand my knowledge. With a strong sense of responsibility and a passion for learning, I approach each challenge with enthusiasm and an open mind. Eager to contribute and grow within dynamic environments, I embrace new experiences with determination and adaptability.

EXPERIENCE

DIGITAL MARKETING INTERN , 07/2023 - 09/2023

BIORIIDL- MUMBAI,INDIA

Digital Marketing Intern skilled in content calendar management and crafting engaging stories and posts for online platforms.

HACKATHON

TOKYOTALES

Engaged in a 24-hour hackathon, where I led the development of 'Tokyo Tales,' a comprehensive web solution designed to facilitate Japanese language learning. Tokyo Tales offers users a platform featuring translation services, curated movie recommendations, music suggestions, culinary insights, and cultural exploration of Japan. Developed using HTML, CSS, and JavaScript within VS Code, with Firebase Auth utilized as the database backend.

PROJECTS

Hostel Management app

Designed and developed a comprehensive hostel management app using the Kotlin programming language within Android Studio Development.

Income tracker

Created an intuitive income tracker application using C# and the .NET framework. This app simplifies household financial management by enabling users to easily input and track expenses and income. Features include detailed displays of income and expenses, as well as insights into maximum and minimum income totals, providing users with a comprehensive overview of their financial status. Demonstrates proficiency in C# programming and .NET development.
